1.1 Motivation;

DeTectUs' motivation to participate to the competition is threefold. Firstly, we all find it interesting to work on a project with real-life applications - with the potential of being spun into an actual start-up. Secondly, we are curious about learning more about and working with a biosensor technology and the related areas of the SensUs competition, such as entrepreneurship training and business planning. Thirdly, we enjoy the opportunity to work in multidisciplinary teams and even having the great possibility to travel to the Netherlands, to meet and compete with other teams from all over the world. Working with interesting subjects and projects is great, but when you get the chance to make new friends while doing it, it becomes even better!

The screenshot shows a Facebook post on the SensUs Connect platform. The post is by Mykhaylo Semenov Petrov, posted 5 days ago. The text of the post reads: "Hey people! I just wanted to say that the DTU team DeTectUs is really looking forward to meeting you all in Eindhoven in August to see all the incredible ideas and devices that each team will have developed. More information about our team coming in soon! Have a nice and hard working week! Ps: I hope our flight in August doesn't take almost 3 days D:". Below the text is a map of Europe with a blue line indicating a flight path from Denmark to the Netherlands. The map shows major cities like Copenhagen, Hamburg, Berlin, Amsterdam, and Eindhoven. A red heart icon indicates 11 likes and 3 comments. At the bottom, there are icons for 'Like' and 'Comment'. On the right side of the post, there is a section titled 'Upcoming events' with two event cards: 'Meet the Teams by PULSE' on Monday, March 29, 2021 at 5:00 PM, and 'Presentation skills workshop' on Tuesday, May 11, 2021 at 2:00 PM. A red button at the bottom of the event section says 'See more events'.

Hi guys, DeTectUs is checking in on this lovely sunday!

We thought it might be nice for you guys to see what it's like for us in the lab during finals - check out the video :)

Hi Sensors! 🌞

Hope you're all doing good! 🌞

Yesterday and today we were attending some Strategy Days organised by our Supervisor and her group (Winnie Svendsen and the NaBIS group) where we got to know more about each other and we got some really nice feedback and we started planning the last sprint of the competition! 🌞

We do look important here lol 🌞

Hi Sensers! 🌐

Coming back to the lab has been great to further get to know my fellow mates and know friends (face to face!) from the DeTectUs team but also to make some good progress in our biosensor!

Being in the lab is both serious and fun (specially in the waiting times).

Do you have any good lab stories to share!?

**Lorenza Pia Foglia** created an event "Little Friday" (on a Thursday!) with DeTectUs  
a month ago

Hey SensUs community!

Finally we, the DeTectUs team from Denmark, get to host an event for everyone in the SensUs community to join. We are hoping to get to know each other and maybe at this point we will already be able to recognize some familiar faces among us 😊

In Danish we have this fun saying "lille fredag" which means "little Friday" and it's basically when you go out for drinks on a Thursday night cause it's really almost the weekend so why not?!

Then grab your cup of tea or can of beer or whatever you like to sip while hanging out and have a "little Friday" with us (so to be clear, a Thursday!) 😊

We will have some fun activities for you and hopefully we will all learn something new, so mark your presence, 'cause we are already looking forward 😊

Day: Thursday 13th of May

Time: 17:30-19:00 CEST

The zoom link for the event is: <https://dtudk.zoom.us/j/64602941972?pwd=NTNseE1wdld3aitDTG13cWpLMjE0dz09>

Looking forward to seeing many of you!

Much love from DK 🇩🇰

Team DeTectUs

- Your Team has participated with 3 people in **both** Partner Sessions
- We have done this but I don't have a screenshot for it. (You can ask the person from SensUs watching over the meeting with Medtronic)
- Your Team has actively participated in the Sensus Instagram takeover
- Done!

# May

1. Silver

1.1 Meet with Alumni;

# June

1. Silver

1.1 Interviews with medical professionals;

2. Gold

2.1 Organize online Event;

# July

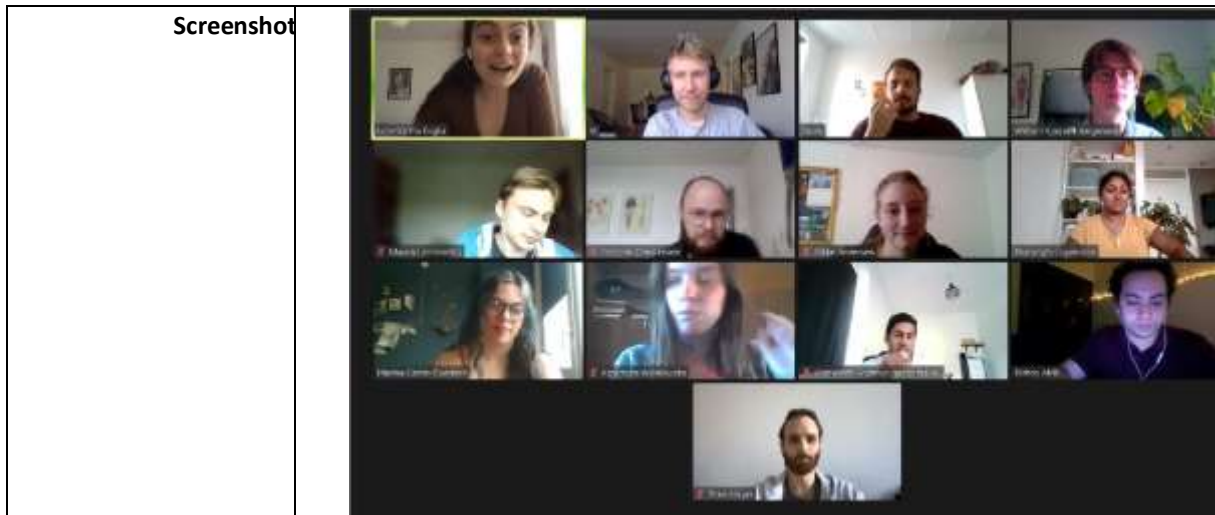

1. Silver

1.1 Meetings with a SensUs Partner;

1.2 Be present at two online events;

<b>Title of activity 1</b>	Lille Fredag
<b>Organized by</b>	DeTectUs
<b>Date</b>	13-05-2021
<b>Type of activity</b>	Networking fun event
<b>Abstract</b>	<p>In Danish we have this fun saying "lille fredag" which means "little Friday" and it's basically when you go out for drinks on a Thursday night cause it's really almost the weekend so why not?!</p> <p>Then grab your cup of tea or can of beer or whatever you like to sip while hanging out and have a "little Friday" with us (so to be clear, a Thursday!)</p> <p>We will have some fun activities for you and hopefully we will all learn something new, so mark your presence, 'cause we are already looking forward.</p>
<b>Objective of activity</b>	Getting to know other members from the SensUs community and just having some fun among all the studies.
<b>Lessons learnt</b>	Try to have fun even if the conditions are not set for it. Be perseverant, think outside the box.
<b>Recommendations</b>	Plan the event ahead, try the set up and all you want to do during the event before doing it so everything works out smoothly.

<b>Title of activity 2</b>	17-06-2021
<b>Organized by</b>	Influegians (Glasgow)
<b>Date</b>	17-06-2021
<b>Type of activity</b>	Networking
<b>Abstract</b>	<p>Speed dating where we just spoke to each other and introduced each other and talked about what we do and our life and Sensor progress.</p> <p>Second part of it was playing skribbl.io and drawing.</p>

<b>Objective of activity</b>	Connecting different teams across the SensUs community.
<b>Lessons learnt</b>	We have learnt that there are bachelor students which was surprising and also biomedical people which was interesting too.

<b>Recommendations</b>	Very fun, don't forget to drink water and smile.
<b>Screenshot</b>	 <p>A screenshot of a Zoom meeting grid showing 18 participants in a 4x5 layout. The participants are diverse in age and appearance. Some are wearing face masks. At the bottom of the grid, two participants are identified by name: 'Sam and Jovanna' and 'Marie-Eve Ipper...'. The meeting interface includes a red 'Mute' button and a 'Join' button at the bottom center.</p>
